## AXIS BROADCAST ADMITS EVACUATION OF GUADALCANAL

## Tokyo Says Troops Withdrawn After Fulfilling Mission

By the Associated Press

Japan's imperial headquarters was quoted by Axis broadcasts today as announcing that Japanese forces have evacuated Guadalcanal island in the Solomons, ending a six-months campaign.

Thus Tokyo admitted defeat of its half-year effort to prevent complete American occupation of Guadalcanal. It was Japan's first admission in this war of abandonment of vital territory.

Berlin said an official Tokyo announcement admitted that Japanese troops had withdrawn "after their missions had been fulfilled."

The broadcast said the Japanese also announced the evacuation of the Buna area in New Guinea, apparently an admission, nearly three weeks delayed, of the destruction of the Jap army in Papua by General MacArthur's American and Australian forces.

The announcement put Japanese losses in the two theaters at 16,734 dead. The Associated Press recorded the Berlin broadcast. Reuters, in London, heard the same announcement on the Tokyo radio, while the OWI reported it also was broadcast from Tokyo on a beam for Latin America.

"Withdrawal of Japanese troops from Buna on the northeast coast of New Guinea and from the Solomon island of Guadalcanal after their missions had been fulfilled" was announced Tuesday night by the imperial Japanese headquarters, the Berlin broadcast said.

The Japanese figures for Allied losses are much higher than those indicated by United States announcements. General MacArthur said Allied casualties in the Papua campaign were less than half the Japanese, who were believed to have lost at least 15,000 men ashore not including those drowned in attempted landings. There has been no indication that American casualties on Guadalcanal were more than some hundreds.

The Japanese announcement constitutes the first admission from Tokyo in this war of the abandonment of important territory.

It indicates that the recent movements of Japanese task forces toward Guadalcanal may have been for the purpose of withdrawing the badly beaten remnants of the once formidable force which, for six months, has slugged it out first with U. S. marines then with army forces for possession of the island and its strategic air field.

Guadalcanal would become the first major island to be wholly retaken by the Allies from the Japanese, who, until the marines landed there last August 7, had continued almost without check their conquests in the Southwest Pacific area.

The effects of the Tokyo announcement on the Japanese people is likely to be profound, although an effort was made to sugar coat the bad news. Even the official Japanese press said it was able to recognize that the long, uninterrupted chain of victory announcements was broken.

## PITTSBURGH SCHOOLS PLAN REGISTRATION

Pittsburgh, Feb. 9.—(P)—Classes will not be held in public schools here during the registration period for new rationing books beginning February 22 if the Office of Price Administration has its way.

Officials of OPI so advised representatives of the city board of public education, the Allegheny schools in conference yesterday. Further sessions are scheduled later this week before a final decision is reached.

## Day of Reckoning Coming For Violators of Coffee Coupons

Newark, N. J., Feb. 9.—(P)—Parents who have used coffee ration coupons improperly from their children's books will have a corresponding number of coupons removed from their own ration books, the Office of Price Administration said today.

The day of reckoning will be when holders present their number books during the week of February 22-27 to obtain number 2 books.

Issuing authorities will examine number 1 books, the OPA said, and wherever they find coffee coupons missing from the books of children under 15 they will remove

a similar number of tickets from the parents' books.

All coffee coupons will be removed from books of children under 14 to prevent misuse, the OPA said, but those of children who have become 15 by the time of the second registration will be made eligible for coffee. The age limit heretofore has been 15 at the time the first books were issued.

There has been no excessive violation of the use of coffee coupons from children's books, mainly because grocers have been continually advised and warned not to accept such coupons, the office said.

## Last Unrationed Shoe Shopping Day

When word about freezing of shoe sales got around, shoe shoppers, mostly style-conscious women, swamped stores which happened to be open. This is a scene from one of the lower East Side shops in New York City. It happened in Chicago and other cities, too.

## London Has A Brief Air Raid Warning

No Anti-Aircraft Fire and City Escapes Any Bomb Damage

## MACHINE - GUN TRAIN

London, Feb. 9.—(P)—A brief air raid alarm, followed quickly by the all-clear, sounded in London today.

The city's sirens screamed at the approach of a small number of German planes which took advantage of a thick cloud cover to cross the coast and penetrate some distance inland.

There was no anti-aircraft fire here and there were no reports of bombs being dropped.

The raiders bombed some localities on the southeast coast and machine-gunned a crowded London-bound passenger train.

The train was nearing a tunnel when one raider let loose with his rapid fire. The engineer put on steam and the train sped into the safety of the tunnel. No one was hurt.

Early last night, it was reported, one enemy plane was destroyed during activity off the southeast coast of England.

The same bad weather that gave the German planes their cover presumably kept the RAF bombers from operating in force over enemy territory last night.

Copenhagen had a day time air raid today.

Reuters said the Berlin radio reported Allied troop concentrations were preparing to smash in upon Tunisia from both sides.

"General Eisenhower is concentrating large forces in the area of Gafsa," the broadcast quoted a German military spokesman as saying. "At the same time General Montgomery seems to be preparing for an assault on Axis position in southern Tunisia."

Indications that the British Eighth Army's expected drive into Tunisia today.

## Churchill To Make Report

London, Feb. 9.—(P)—Prime Minister Churchill told the house of commons today that he would soon make a statement on the war situation, including a reference to the creation of a United Nations war council. He spoke in answer to a question.

The prime minister, who returned Sunday from his trip to North Africa and the Middle East, stopped the show in commons.

He entered unobtrusively during the question period and started toward his seat on the treasury bench. One of the ministers was speaking when Churchill appeared.

An explosion of cheering and applause burst on all sides and continued until the prime minister was seated. He was smiling broadly.

Responding to further questions, Churchill said he would also discuss the import and shipping situation in his forthcoming statement.

## LOAD OF CIGARETS IS HI-JACKED IN JERSEY

Newark, N. J., Feb. 9.—(P)—For the third time in three months, a truckload of cigarettes owned by the Dierick Vending Company was hi-jacked yesterday.

Detective Michael Bontemp said the loss was \$700 and that the previous robberies had resulted in losses of \$650 and \$700.

## Shoes Back on Sale On Rationed Basis Today

Washington, Feb. 9.—(P)—Shoes are back on sale today on a rationed basis—after a one-day "freeze" on purchases.

Resumption of sales was accompanied by a plea from Price Administration Prentiss Brown that people wear the shoes they now have as long as they can and buy new ones only when actually necessary. He estimated 50,000,000 pairs of shoes were now lying idle in closets.

Under the rationing setup, each person will be allowed three pairs of shoes a year. Stamp No. 17 in the coffee-sugar rationing book is good for the purchase of one pair any time between now and June 15. A member of a family may give his stamp to another member if he wishes to do so.

## Plan Ceiling On Prices Of Fluid Milk

Washington, Feb. 9.—(P)—In an effort to avert further increases in retail milk prices, the Office of Price Administration soon will establish nationwide ceilings on the prices farmers receive for fluid milk.

An initial temporary order, which generally will peg prices at the highest levels distributors paid to producers last month, will be replaced in 60 days by a permanent regulation.

Current prices to producers are "generally favorable," the OPA said, adding that the price ceilings would "lessen the pressure of uncontrolled producer prices which have been forcing advances in retail milk prices to the public."

The pegged prices, which the OPA said would be 113 per cent of parity and the highest producers have received for raw milk.

## State Hospital Is Destroyed

Evansville, Ind., Feb. 9.—(P)—Fire destroyed the Evansville State Hospital for the Insane here today. Most of the approximately 1,200 inmates escaped and were herded into an outdoor stockade with several hundred police, home guards and American Legion members guarding them. There was no known loss of life.

Few of the patients were fully clothed. Both men and women, were barefooted and in their night shirts. Many were in straight jackets.

Origin of the fire had not been determined. It was brought under control shortly before dawn, firemen said the damage might total several thousand dollars.

Guards and nurses aroused the inmates, who fled screaming to the hospital lawns, local police and state police were rushed to the hospital, about a mile from the city, members of the local American Legion posts and the Home Guards were mobilized.

## County Loses Another Youth In The Service

Sgt. Vernon Lindberg Officially Reported as Killed In Action

## IN WEST EUROPE AREA

News that another Warren county boy lost his life in action overseas was received last evening when Mr. and Mrs. Lorentz Lindberg, R. D. 3, were notified that their son Sgt. Vernon E. Lindberg has been officially reported dead as a result of injuries sustained in the European area.

In November the parents received a telegram stating that Sgt. Lindberg was reported missing in action. January 18 another message conveyed the information that he was reported a prisoner of the German government. The telegram received last night stated: "The Secretary of War desires me to express deep regret that your son, Sgt. Vernon Lindberg is reported as having died from wounds received while in action in the western European area."

Sgt. Lindberg was born in Warren county November 18, 1919, and was graduated from the Warren high school in 1940. He worked a year at the DeLuxe Motel.

## Legislature Having Test Of Harmony

Harrisburg, Feb. 9.—(P)—The first direct test of wartime harmony pledges in the Pennsylvania legislature gave the Republican administration overwhelming house approval today of its proposed investigation to wipe out overlapping governmental functions.

Few dissenting voices were heard as the lower branch pushed through a resolution by Rep. Walter E. Rose (R-Cambria) directing senate and house appropriations committees to make the inquiry.

The first administration legislation to be acted on since the assembly convened six weeks ago, the measure calls for a study of all departments and other agencies to determine how they could be improved and costs reduced without impairing efficiency.

New legislative proposals included a resolution by Rep. Cohen to eliminate all 1935 emergency taxes which expire automatically May 31. Others called for a ban on local option referenda on liquor for duration of the war, participation of Pennsylvania in a nine-state compact to combat pollution in the Ohio river basin and elimination of a requirement that liquor license holders provide food service.

While the senate quit until 2 p. m. today, the house delayed its session until 9 p. m. to permit members to attend the funeral of Rep. Philip K. Stinger, Sr., Philadelphia Republican, who died Saturday.

## HALTING OF INDUCTION IS ADVOCATED

Sen. Downey Insists There Are More Men in Service Than Nation Can Maintain Abroad

## TAX ISSUE IS UNSETTLED

Washington, Feb. 9.—(P)—A demand for an immediate halt to military inductions was raised in the senate today as the house took up the Dies committee's plea for a two-year extension of its investigation of un-American activities.

Senator Downey (D-Calif.) urged stopping inductions in order to put more men on farms. He declared there already are more men in the armed services than the nation can transport and maintain abroad. Downey is a member of the senate military committee which yesterday heard Agriculture Secretary Wickard testify that he could not guarantee 1943 food production quotas on the basis of available manpower.

Chairman Martin Dies (D-Tex.) predicted there would be fewer than 50 votes in the house against a resolution to continue his committee until May 1945, despite opposition from Rep. Marcantonio and Folger have charged the Dies committee spent too much time investigating communism, the philosophy of Soviet Russia, the nation's war ally.

Meanwhile, former President Hoover's proposal that the nation try for a knockout blow against Germany in 1944 instead of attempting "too much too fast" in 1943 brought quick criticism from Senator Payne (D-Fla.) and an equally quick endorsement from Senator Vandenberg (R-Mich.).

## GETTYSBURG HOSPITAL IS NEAR COMPLETION

Valley Forge, Feb. 9.—(P)—One of the nation's largest army hospitals soon will be in operation near the fields where Washington's army spent the bitter winter of 1777.

Colonel Henry Beeuwks, commanding officer, says the 2,000-bed institution, sprawled over 180 acres, will be ready to open by Washington's birthday, Feb. 22.

Nine months ago only one lonely colonial farm house stood on the site. Now there are about 100 modern buildings.

The patients will be soldiers from fronts overseas and from camps in the United States. The hospital will specialize in cases requiring prolonged treatment.

## BIG SUM ASKED

Pittsburgh, Feb. 9.—(P)—The Dormont school district asked \$80,629.62 from the American Surety Company of New York, as bondsman for Robert S. Golden, late borough tax collector, in a suit filed in common pleas court. Golden died in July, 1939, and the borough charged the requested money represented sums uncollected or unaccounted for between 1933 and 1937.

## PAPER HIKES RATE

Beaver Falls, Feb. 9.—(P)—The News-Tribune announced a one-cent increase yesterday, making the price four cents a copy instead of three. The price by the week will be 24 cents.

## Arrests Near In Tire Ring

Philadelphia, Feb. 9.—(P)—Clamoring a year's investigation, a federal grand jury will be asked tomorrow to indict more than 100 persons in connection with an alleged bootleg tire ring estimated to have done a million dollar business in eastern Pennsylvania, an OPA spokesman said today.

Two suburban justices of the peace—one in Delaware county, the other in Montgomery—officials of a suburban finance company and employees of service stations and garages are among those said to be involved. Charges range from theft of tires to violation of federal tire freezing and price ceiling orders.

The spokesman said more than 8,000 new tires allegedly were handled by the ring, being sold from \$50 to \$75 each through private sources as well as filling stations and garages. In some instances, it was disclosed, the tires were obtained through employees of a

## More Go, Less Stop In Traffic Signals

Washington, Feb. 9.—(P)—The government sought today to put more "go" and less "stop" in traffic signals in order to save tires, gasoline and time.

Joseph B. Eastman, defense transportation director, asked all state and municipal authorities to adjust traffic control methods to keep pace "with changing conditions."

Suggestions, based on a report by 20-odd traffic experts, included:

- Elimination of unnecessary signals.
- Shortened signal cycles, generally 35 to 50 seconds.
- A system of primary transportation routes, to which preferred traffic control treatment would be given in each municipality.

## Local Aviator Killed In Leap From Plane

Clifton H. Watrous, Graduate of C.A.A. Class Here, Accident Victim

## A FLYING INSTRUCTOR

Clifton H. Watrous, 35, graduate of the C. A. A. Flying Class at the Warren Airport on December 21, 1942 lost his life by leaping from his cruiser plane with a student yesterday, when he might have lived had he remained aboard according to reports received here from Coroner A. M. Showalter, of Brackburg, Va.

Watrous resided for some time at the Cabins in the Pines on the Warren-Corry highway but came to Warren some months ago to take up flying at the Warren airport and has been living, until he went to Virginia, in a trailer near the Union Oil Station on Pennsylvania avenue, west. We was well known to a large circle of friends in this city and took his ground instruction as an Army Elementary Instructor from Marshall Mathis, one of the instructors in the C. A. A. Courses given here.

Upon graduation Watrous went to Blacksburg, Va., to become an instructor for the Naval Flying Field there and has been meeting with great success in his work. According to the story received here from the flying field the accident took place when Watrous was flying with T. W. Gillespie, of Oak Hill, W. Va., a former student at Virginia Polytechnic Institute, now taking flight training, suffered several fractured ribs and severe shock in his leap.

The coroner said he was told that at an altitude of around 1,000 feet the plane's controls struck and the instructor told Gillespie to bail out.

## FLYNN STARTS CLIMB OF POLITICAL LADDER

New York, Feb. 9.—(P)—Former Democratic National Chairman Edward J. Flynn had a foot on a lower rung of the political ladder today as Democratic leader of the Eighth assembly district and he indicated he planned once more to climb back by seeking re-designation as Democratic national committeeman from New York.

Another step is expected to be taken today when the Bronx county committee is scheduled to meet and probably will rename Flynn as county leader—one of the three party positions he resigned when he was being considered as U. S. minister to Australia.

## County To Raise \$32,000 For War Fund of the Red Cross

The American Red Cross has launched plans to raise \$125,000,000 for the National War Fund in March.

Of this amount \$32,000 will be subscribed in Warren county in an intensive campaign that will open March 8th.

Preliminary work towards reaching Warren county's goal has been under way for several weeks. Campaign headquarters, locally managed, have been opened in Room 304 Warren Bank & Trust Company Building. The appointment of Byron W. Knapp has War Fund chairman has been announced. He will be assisted by a group of volunteer workers and directors, among them being C. J. Cray, chairman Warren County Chapter, American Red Cross; C. T. Conarro, Allan C. Jackson, Harry W. Schmidt, Chester S. Allen, H. N. Elquist, Paul Harrington, Mrs. Marie M. Hamilton and Miss Grace Mitchell.

## KURSK FALLS IN SMASH OF SOVIET ARMY

Red Army Siege Guns Thunder Destruction Upon Enemy Citadel At Rostov-on-the-Don

## WOUNDED ABANDONED

## BY ROGER GREENE

Associated Press War Editor

A sudden and spectacular Russian coup which netted the capture of Kursk, one of the "big six" bastions of the German defense system, imperilled the whole Nazi line below Moscow today even as Red army siege guns thundered destruction upon the Axis citadel at Rostov-on-Don.

Kursk, which lies about midway between Moscow and Rostov, formed a major link in the German defense wall along with Smolensk, Bryansk, Orel, Kharkov and Rostov.

The city, in the Black Earth region on the southern slope of the central Russian plateau, had been in Nazi hands since Nov. 11, 1941, four and a half months after the German invasion armies stormed into Russia.

Latest Soviet dispatches said Red army troops pushing up through Bataisk, 10 miles south of Rostov, had moved their heavy artillery into range along the south bank of the Don river to bombard that German-held key-stone.

(Though not admitting the fall of Kursk itself, the German high command reported that the Russians had renewed their attacks on a broad front in that sector and that "in fierce defensive battle our units were standing their ground against a numerically far superior enemy in unfavorable weather conditions.")

(The communique, broadcast by the Berlin radio and recorded by the Associated Press, declared that German forces were counter-attacking and that the fighting still continued. It said the Soviets also were attacking on the lower Don and in the entire Donets area.)

Other Soviet columns, last reported 50 miles east of Rostov, were reported cleaning up German nests.

A Russian communique said the fleeing Nazis were not only abandoning their wounded but killing them.

## County To Raise \$32,000 For War Fund of the Red Cross

Realizing that the Red Cross is simply a cross-section of every American home and that the Red Cross wants everyone to contribute to this campaign, the slogan has been coined: "Every American a Contributor." Workers in industries, shops and factories, employees in offices and stores, housewives at home and children in school will all be given an opportunity to make a contribution, of their choosing, to the Red Cross War Fund.

Responsible representatives of many of Warren's leading industries have already been contacted and, without exception, have volunteered to act as agencies in the collection of donations employees may authorize to be made. Each industry or firm will handle collections from their employees in a manner best suited to their own conditions; but all will cooperate to the utmost to help the campaign reach its objective.

## Boy Bandit Given Long Prison Term

Michael Cusimano, 19, of 103 Cheney street, Jamestown, who was arrested by Warren police after he had held up the Grotzinger Restaurant and had broken into the Finley Sporting Goods store was sentenced yesterday at Mayville, N. Y. The young man had staged a series of armed holdups in Jamestown and came to Warren to ply his trade but the Warren police cut his career short here and on the first night he held forth in this city shot him and placed him under arrest. He was later turned over to the New York City police.

Cusimano when arraigned entered a plea of guilty to five indictments charging robbery, first degree, two of the indictments also charging grand larceny, second degree, in connection with the series of armed robberies which took place in Jamestown last fall.

On one of the indictments, charging him with stealing property owned by Arthur W. Davidson, of Jamestown in the aggregate of \$25, in the presence of May Stephens, by violence, and being armed with a revolver, Cusimano was sentenced by Judge Lee L. Ottaway to serve a term of not less than ten nor more than thirty in the Attica State Prison. Sentence was suspended on the other four counts.

Cusimano, who was born at Westall, Pa. is a bellhop and stated that he attended the grade schools to the eleventh grade. His father is living but his mother is dead. He has a brother serving in the Army. He had never before been convicted of any crime.

## Boys From Commando Unit In City

Warren has another organization pledged to winning of the war. This is the Junior Commando formed from the Saturday Evening Boy's Club which is sponsored by the Warren Kiwanis Club. This Warren organization of the Junior Commando Group will be under the plans formulated by the Pittsburgh Post-Gazette in the handling of the work and it will be composed wholly by boys.

Saturday evening Dr. Russell J. Elliott met with the boys and explained the way in which the group operates and genuine enthusiasm was shown by all of the boys in getting the work started. Robert Dinardi was chosen as president and Phillip Colosimo was elected as vice president. The enrollment shows the following Commando members: James Anderson, Ken Bailey, Louis Berardi, Sam Berardi, Paul Bable, Carmon Colosimo, Leonard Constable, Mitchell Dickerson, Nick Dinardi, Sam Dinardi, Donald Erickson, Ralph Fisher, Edward Gustafson, Rudolph Hale, James Heffernan, Paul Kittlinger, Roscoe Knapp, Eugene Manfrey, Gene Manfrey, Sam Manfrey, Leroy Moll, Eugene Paszczuk, Robert Pascuzzi, Elwood Reynolds, Lionel Rizzardi, Bus Sadler, Joe Salerno, Donald Schrecongost, Joe Suppa, Jack Suter and Bill Tanner.

The committee working with the boys will outline the program to be followed in this city. In many towns and cities of the country the Commando Groups have scored wonderful records in their scrap collections, fat salvaging, messenger service, snow brigades and their outstanding theme all the war through has been to "Win the War".

Once the Warren group gets underway it is expected to expand until practically all boys and girls in the city have enrolled. Each member is asked to enroll five other boys or girls in the ranks and thus the group spreads with great speed. The Kiwanians have started a most worthy movement and its progress will be watched with interest. The Times-Mirror has pledged its support to the movement and will extend all possible aid to the Commando Groups in their projects which they will undertake from time to time.

## Church Men Enjoy Meet; Movies Shown

Jefferson Bible Class members of the First Presbyterian church were hosts last evening for a get-together of men of Trinity Memorial, First Baptist and First Methodist churches.

Greetings were extended by Dr. Harold C. Warren, pastor; A. H. Yerg, Jefferson president, and H. S. Hampson, dean and teacher of the church.

Chief entertainment was a varied program of sound movies dealing with various war theatres. American war production and defense topics, color film of South American orchids and group singing of "The Star-Spangled Banner."

Through the courtesy of Archie Hunter, it was possible to provide a continuous show with two projectors. He was assisted by Edward E. McKendrick, Eagle Scout Jay White and Scout Leland Daye, Scouts of Troops 8 and 4 adjourned their meetings to enjoy the movies. A Coast Guard Auxiliary film was shown through the courtesy of the Scouts, who had secured it for a meeting earlier in the evening.

Program committee for the evening consisted of Mr. Hampson, Mr. Yerg and Franklin Hoff. William Walsen was in charge of notices to members and the refreshments committee included Thomas Perkins, Dr. F. S. Richards, Ernest Johnson, Carl Peel and N. W. Drake.

## "Save a Life" Drive Goes Fast Locally

Hardly has the "Save a Life With a Knife" Campaign had a good start and already the sportsmen of the county have been bringing in their precious blades by the score. The four-day old campaign has produced 46 blades of all quality up until noon today and with the rate of speed the Don Finley store has been receiving them, an expected goal of 200 has been set for the campaign which ends Saturday.

Knives of all types from practically new sheath knives, to the native machete have been dropped off at the store and in some cases, several were given by a single individual. The size of the knives vary in length from the smallest allowed four inch blade to the machete which sports a blade about 20 inches in length.

A group of Garland citizens has turned an unnamed number of different types into the Taylor store of that town, and they will probably arrive today for display. All sportsmen are urged to co-operate with the Finley Store in collecting these essential steel blades for the armed forces and with Mr. Finley shouldering all shipping expenses, the only obligation local sportsmen have is to the men in the service who are in dire need of the blades, so "Save a Life With a Knife."

## Defense Workers At Good Meeting

Sheffield, Feb. 9. One of the best meetings of the men and women engaged in Civilian Defense work in Sheffield was held last evening in the Sheffield High School building. There were 120 in attendance representing the air wardens, staff members of the Control Center, members of the rescue squads and auxiliary firemen.

C. E. Brong, in charge of the training classes in that area was in charge of the meeting and it was a most interesting and worthwhile gathering. Frank Handyside, Commander of the Control Center and Sanford Secor, in charge of the air wardens were present and added to the instructions given.

Two of the films issued by the Defense Council were shown, "Air Raid Wardens" and "Rescue Squads" were shown during the evening.

Sheffield has one of the best organized Civilian Defense groups in the county and has a large proportion of trained workers. Francis Borden, Chairman of the Sheffield Defense Council has roused much enthusiasm among the workers and the finest results are being shown.

## County Schools Make Record Purchases of Stamps and Bond

Schools of the county are making a good record in the sales of stamps and bonds. Youngsville High is winning an enviable reputation by its purchases and especially in the percentage of the students that are buying stamps and bonds. The report on February 2 shows the following:

Are following:				
School	Enrollment	Purchasers	Per Cent	Amount
Youngsville . . . . .	314	222	71%	\$53.80

## Ferry Flier Pays Visit To Local Friends

Auxiliary Helen Carlson, 830 West Fifth avenue, sworn into the Woman's Army Auxiliary Corps at Pittsburgh some weeks ago, has been assigned to Daytona Beach, Fla., for training and has already left for that center.

Capt. Lasby, who came to Warren from Nashville, was a flying companion of the late Captain Glen Hyer at Prince Albert, Saskatchewan, where the Warren flier was killed in a plane crash some time ago.

Mrs. Lasby, who is accustomed to temperature of 46 degrees below zero in her home community of Moose Jaw, Saskatchewan, is making her first trip south and will go on from Nashville with Mrs. Hyer to West Palm Beach, Fla. where the captain will join them.

## Rocky Grove Flier Missing With His Plane

Word has been received here that Mr. and Mrs. Henry P. McKain, of Rocky Grove, have been advised by Adjutant General Ulio that their son, Master Sgt. Charles W. McKain, is missing while assigned on a ferrying command flight from Africa to South America.

The telegram informed them that Sgt. McKain's plane has been missing since January 18 and is believed to have been lost. There were no other details.

The young officer enlisted a month after his graduation from Rocky Grove High School in 1940, was trained at Bolling Field and later assigned to the New England Aircraft School. Since last April he had been in the Ferry Command and had made a number of trips across the South Atlantic.

The last word from him was a letter which arrived early in January, when he told his parents that he was active in the flying service. He had been grounded from August to December, 1942, as a result of copper poisoning believed to have been contracted from drinking water storage containers. Numerous packages had been sent to the family, one of these arriving last Wednesday.

## Crary Gave Talk On Work For Children

A fine talk on the accomplishments and plans of the Warren County Crippled Children's Committee was given Rotary Club members at their Monday noonday luncheon-meeting at the YWCA activities building by Horace A. Crary, head of the committee.

Mr. Crary reviewed the work of the committee since its formation in 1925 and pointed out that through improved methods, and earlier diagnoses it had been possible to cut the average hospitalization at Erie from two years to five months. He recited a number of case histories wherein an average of five years of treatment had enabled at least 19 of those afflicted to be sufficiently improved for acceptance for service in the country's armed forces.

Members were reminded the speaker for next week will be Miss Laura Durbin, supervisor of special education in Erie city schools, who will show pictures of her work.

Mention was also made of the combined service club luncheon to be held on February 22 to honor the department commander of the Pennsylvania American Legion.

## Scouts Had Jolly Meet

Boy Scout Troop 8, sponsored by the Jefferson Bible Class, and Troop 4, sponsored by the Married Couples Club of the First Presbyterian church, had an enjoyable joint meeting in the Scout room Monday evening.

An interesting program of sound movies was presented by Scout Leyland Daye and Eagle Scout Jay White, including a color film of Texas oil field operations and an exciting picture of the Coast Guard auxiliaries.

Among those present besides the boys were Clifford Betts, Troop 8 Scoutmaster; Robert Jewell, Troop 4 Scoutmaster; Jasper Shepard, Basil White and Edward F. McKendrick, troop committeemen; Eagle Scout Carl Barker, of Explorer Troop 2.

Afterward, the Scouts adjourned their meeting to view further movies at a get-together sponsored for church men of the community by the Jefferson Class.

## NOTICE

### AUXILIARY LEAVES

Auxiliary Helen Carlson, 830 West Fifth avenue, sworn into the Woman's Army Auxiliary Corps at Pittsburgh some weeks ago, has been assigned to Daytona Beach, Fla., for training and has already left for that center.

### ASKS COOPERATION

The VFW Auxiliary is very desirous of providing a service flag for every home in Warren county from which a boy or girl has gone into the armed forces and asks that such names be called to the service office, 430.

### DIRECTORS NAMED

Business transacted at the annual meeting of the Stoneham Community and Alumni Association, held last night in the community house, included election of three new directors: Mrs. Howard Magee, Hildore Peterson and Pat Fitzgerald. The organization meeting for directors will be held at 8 p. m. next Monday in the community house, when officers will be elected and plans made for the coming year.

### SAP IS RUNNING

Tapping of the trees in the Sugar Bush of the Norbeck Farm on the Sugar Grove road and the smoke rising from the fires under the evaporators mark the advent of the maple sugar and syrup season in this county. Others are preparing to get their sugar bushes in operation and from all indications there should be a good season as prices are up. Most of the crop from this vicinity is shipped to Vermont as the Vermont sugar makers have buyers in this section making purchases during the entire time the season is on.

### BEGINS TRAINING

Miss Jean Erickson, daughter of Mr. and Mrs. B. R. Erickson, Franklin street, left this morning for Cleveland, O., where she will enter the Frances Payne Bolton School of Nursing of Western Reserve University. She was graduated from high school here in 1941. An older sister, Margaret, who is now the wife of Dr. W. A. Gunkler, stationed with the Air Corps medical department at San Antonio, Texas, was graduated from the same nursing school in 1935 and later from the university's school of anesthesia.

### GETS ATTENTION

The suggestion made by Register and Recorder O. E. Loper some time ago relative to the elimination of the three day waiting period for marriage licenses has evidently fallen on fertile ground as Representatives Herbert G. Gates and Stuart Helm of Armstrong county have introduced a bill to that effect in the House of Representatives at Harrisburg. Another bill of local interest is one to increase the pay of jurors from \$2 to \$4 per day, and another which would exempt home owners who have occupied houses for five or more years to be exempt from taxes if the appraised value is \$2,000 or less.

## Mrs. R. W. Stone Honored by Her Class With Delightful Anniversary Dinner and Program

Thirty-four members of the May R. Stone Class of the First Presbyterian church gathered in the YWCA last evening to honor Mrs. R. W. Stone, teacher, for the last 25 years. Mrs. Mildred Norris headed the committee responsible for the very successful anniversary event.

Decorating the table was a silver bowl of white flowers, flanked by white candles in silver holders. Place cards were marked with "25" in silver and dainty white favors were touched with silver. Mrs. Randall Clark was at the piano and led group singing.

Mrs. Katharine Jones, retiring president, presented Miss Hazel Thurston for a toast in the form of a clever poem which referred to the early history of the class. Mrs. Perry McDannel and Mrs. Marian Kiser gave annual reports, the latter in verse.

Mrs. Paul Arnold read an interesting review of class activities of the past 25 years, mentioning that 23 original members still are active. She spoke of various types of activities in which the class has participated and stated that in the 25 years members have earned and contributed more than \$3,000 which has been spent mainly to help needy families, church missions and for flowers for the sick. Several from the class, she said, are teaching in the Sunday school or are active in other phases of church work.

Mrs. L. E. Seavy paid tribute to Mrs. Stone, stressing her loyalty and devotion and, in behalf of the class, presented her with flowers and 25 silver dollars. Mrs. Stone responded by voicing her appreciation of the honors bestowed upon her.

Mrs. Jones proposed a toast to new officers: Miss Hazel Thurston, Mrs. Gilbert Johnson, Mrs. Mildred Norris and Miss Esther Stoll. Miss Thurston responded and the group was given a rising vote of appreciation. Group pictures were then taken in the parlors and baby pictures of the members were screened by Miss Margaret Whitcomb, assisted by Mrs. C. C. Holmes and Mrs. S. D. Blackman. Miss Erickson reminded that standing reservations for monthly dinners require the member to notify the chairman by Friday evening if she cannot attend the meeting and Mrs. Blackman reported purchase by club members of \$6,675 in war bonds.

Mrs. Byron Knapp, in charge of Red Cross "bit bags" for men in the armed forces, addressed the club on the need of meeting the 400 quarterly quota. One member volunteered to make 25 kit bags, 21 members gave \$1 each to fill them and five others volunteered cash gifts of like amount for this purpose.

It was voted to assist the YMCA in its "farewell" plan for Selective Service groups and to attend the noonday luncheon on February 22, when all service clubs in the Warren Civic Council will be addressed by American Legion Department Commander Dan Hartbauer. A communication was read from Mrs. H. W. Conarro asking for continued support of tin, stockings and cooking fats and an "international" program was decided upon for the March 8 meeting.

## Business and Professional Women Hear Talk On Nursing and Plan For Future Activities

Highlighting the February "health" meeting of the Warren Business and Professional Women's Club, held last evening at the YWCA, was a talk on nursing as a career, given by Miss Mildred Van Sickle, club member, member of the staff at the Warren State Hospital and co-author of Dr. Earl Biddle of a new book on "Introduction to Psychiatry."

Presented by the health chairman, Miss Louise Neely, the speaker spoke of nursing generally, the need for more trained nurses because of wartime demands upon the profession, proposed changes in training requirements and types of work offered through nursing. She dealt particularly with psychiatric nursing, reciting some of its advantages and disadvantages and pointing out the personal characteristics one must possess to be successful as a nurse in a mental hospital.

The meeting, largely attended and conducted by Miss Callie Mead, followed dinner served at a Valentine table made attractive with red and white flowers, red candles and candies and individual Valentines. On the committee with Miss Neely were Misses Katherine Elzy, Elizabeth Brasington, Margaret Horan and Mrs. Nora Eaton.

New members, Miss Edith Erickson and Miss Viola Flowers, were introduced and reports were given by Miss Brasington, Miss Hazel Kiefer, Miss Doris Erickson, Mrs. Margaret Holmes and Mrs. S. D. Blackman. Miss Erickson reminded that standing reservations for monthly dinners require the member to notify the chairman by Friday evening if she cannot attend the meeting and Mrs. Blackman reported purchase by club members of \$6,675 in war bonds.

Mrs. Byron Knapp, in charge of Red Cross "bit bags" for men in the armed forces, addressed the club on the need of meeting the 400 quarterly quota. #### BIELAWSKI-WOOSTER MARRIAGE ANNOUNCED

Mr. and Mrs. Frank Nelson, 1715 Cedar street, announce the marriage of their daughter, Virginia Wooster, to Edward Bielawski, son of Mrs. Stanley Bielawski, of Columbus avenue, Cory, on Saturday, January 30, at the First Presbyterian manse, Dr. H. C. Warren officiating.

The bride wore a light blue street length dress trimmed in gold and had a shoulder corsage of pink carnations and rosebuds. Her bridesmaid, Miss Marjorie Smith, wore dark blue with white accessories and a yellow rosebud corsage. The bride's brother, Charles Wooster, was best man.

A wedding supper was served at the bride's home at six o'clock for the immediate families and a few intimate friends. Out of town guests were Mrs. Gertrude Arnold, Erie; Miss Arelita Hoover, Sheffield.

The newlyweds, who were presented many beautiful gifts, will reside at 16 Ohio street, Cory.

#### WILL GIVE RECITAL IN MINNESOTA SCHOOL

Miss Jean Robertson, West Third avenue, will leave next Sunday for Fairbault, Minn., where on February 17 she and Julia Mahoney, soprano from New York and Buffalo, will present a recital at St. Mary's Hall, headed by Miss Margaret Robertson, of Warren.

It is the St. Mary's custom to present several artistic attractions during each school term and the coming Robertson-Mahoney recital will maintain the high standard set in previous events. Also on the schedule for this season at the school is Angna Enters, who was presented here several seasons ago by the Warren Concert Association.

#### START RESERVATIONS FOR PLAYERS' COMEDY

Reservations may be made this evening for "Arsenic and Old Lace", Warren Players' 33rd production scheduled for Thursday and Friday nights at the Woman's Club. The box office at the clubhouse opens at seven this evening and stays open until midnight, also maintaining hours on Wednesday from 11 a. m. to 9 p. m. and on Thursday and Friday from 11 a. m. to curtain time.

"Arsenic and Old Lace" is a "must" for those who appreciate the best in theatre. Comedy and chills are combined to make the show the popular one that it is and patrons would do well to do their best shopping early.

#### DISCUSSING WAAC WEEK

Inquiry has been made of the Warren Lodge of Elks relative to their assuming the observance of WAAC week in this city in the near future. In some places the present week is being observed but the local lodges would have little opportunity for any publicity to put such a week across in their accustomed successful way. Therefore the matter is under consideration and may be undertaken at a later date when an effort will be made to form a Warren county platoon.

#### KIWANIS SPEAKER

Orrie Westover Maasz, nurse, of the Crippled Children's Committee, has been invited by Karl Peterson, chairman of the Kiwanis Club crippled children's work, to address club members at their noon luncheon meeting at the Carver Hotel on Wednesday. ### ISN'T IT THE TRUTH?

"When it comes to shortages and rationing, American grownups react like greedy children, determined to get everything that is coming to them," says Ruth Millet, special writer for NEA Service and the Times-Mirror on a subject that strikes home to very reader.

"Citizens who wouldn't break a law or violate a regulation react to shortages and rationing like ten-year-olds," she continues.

"It is a common thing to hear a woman say 'I have more sugar on my shelves now than I ever had before in my life'—indicating that she thinks because she is entitled to a certain amount of sugar she has to buy it whether she needs it or not. She intends to get everything that is coming to her.

"The same thing is true of gasoline. The driver who uses his gasoline sparingly and finds he has a coupon or two that will be out-dated in a few days goes on a riding spree—if he lives in a state where pleasure driving isn't rationed. It doesn't occur to him that it would be a fine thing if everyone could leave an unused coupon or two in his book for each rationing period.

"When meats and canned goods are rationed, housewives will probably feel they must buy the limit, even though several members of their family eat a good many meals out they don't actually need all they are allowed."

Miss Millet says it's a childish, self-centered attitude—yet it is too prevalent in America today. It would help the war effort if we would buy just what we need instead of feeling we have to buy everything that is coming to us.

### 4-H CLUBS TO SHARE IN WAR EFFORT

February 6 to 14, National 4-H Mobilization Week, brings to all 4-H Club members a challenge to put over a program in 1943 that will be unequalled in 4-H history. Their projects will stress gardens and food and clothing conservation as this great army of 1½ million young folks make their contribution to national production goals.

President Roosevelt in a recent message to these 4-H girls and boys said, "We have faith in your ability to render a great service in this way. We know that you, like your brothers and sisters in the Service, have the spirit and perseverance that will bring Victory in the fight for human freedom and a world at peace."

To "learn by doing" has always been the 4-H way. This year the same 4-H principles will apply only members will "learn by doing more."

The 1943 program will stress the projects which contribute to the war effort. Whenever possible club members will be encouraged to reach Victory goals which are suggested above regular requirements.

The Services for Victory which 4-H young people can do will be varied and the guidance of leaders and parents will be important. The desire of club members to share in the war effort will be met with more work on the home and farm front. At regular club meetings, they will continue to follow principles for the democratic way of living.

John Ringling North, Norman Bel Geddes and Peter Arno who attempted to streamline Ringling's circus are out from under the canvas. When the great American circus gets blue tents and pink sawdust and loses the circus acts in favor of a batch of jingle jangling females it's time somebody got out from under. Probably the audiences that saw the show last year with its magnificent paraphernalia but moronic program whispered in to the ear of some of stockholders.

Attention is called to the fact that the second edition of the YMCA "News Letter for Men in Service," is being compiled and relatives and friends of members now serving Uncle Sam are urged to contact the office to make certain that every deserving boy is on the mailing list.

Lot of Warren boys of school age will be compelled to find new places to loaf as a result of a police crusade started Friday evening. Wouldn't be a bad idea if their parents would see to it that they stay at home and study their lessons.

According to all reports the Japs have left Guadalcanal. They evidently found the National Guard troops as tough as the Marines whom the guardsmen replaced. World War No. 1, all over again!

## Washington in Wartime

By JACK STINNETT

WASHINGTON — When President Roosevelt delivered his message to Congress, he inadvertently left out the achievement of the Maritime Commission in surpassing his 1942 shipbuilding goals.

The next day he explained that the figures were dropped accidentally from his speech. That belated announcement was anti-climax. It is only now that the actual accomplishments of the Maritime Commission in 1942 are really coming to light.

This is all the more important because Admiral Emory S. Land, chairman, and his commission have been under fire repeatedly. Charges ranging from incompetency through unfair treatment of labor to political log-rolling have been laid at the commission's door. There is no intention of discussing those charges here. I only want to reiterate what the President took the trouble to emphasize—that the Maritime Commission, in 1942, did a whale of a job. The goal laid down for them was 8,000,000 deadweight tons of shipping. When the President announced in 1941 this among the production goals for tanks, planes, etc., there wasn't a figure in the lot that seemed more fantastic.

Back in 1937, the commission's program was an average of 50 ships a year. In 1942, the production was 746 ships with an aggregate deadweight tonnage of 8,090,000 tons.

THERE is more to this, too, than meets the eye. In the course of the year, according to Admiral

H. L. Vickery, one of the commissioners, Maritime turned over to the Navy the complete facilities of the Seattle-Tacoma Shipbuilding Co., with hulls on the ways, which were near enough to completion to account for 63,644 more tons of shipping.

In addition, there were scores of time-consuming conversions of merchant ships to naval auxiliaries and in recent months 24 "highly productive ways" were diverted to construction of naval vessels.

In other words, say the Admiral, if the Maritime Commission had gone through with its program without the necessity of transferring part of its achievements to the Navy (this was merely an observation, not a complaint) it would undoubtedly have reached 10,000,000 deadweight tons of shipping this year—probably the equivalent of 15 to 20 years of peacetime construction.

ALMOST half the total construction took place on the west coast, a far different situation than existed in World War I. West coast shipyards produced 368 ships, with a total of 3,883,400 tons. The east coast produced 372 vessels, totaling 3,089,500 tons; the Gulf, 97 for slightly more than 1,000,000 tons; and the Great Lakes the balance. As the President said, these are hardly figures that will bring comfort to the enemy.

Irrespective of what the Maritime Commission turns out in 1943, it appears that one of the Navy's "E's" for Excellence should have gone to Admirals Land and Vickery and Thomas M. Woodward, Edward Macauley and John M. Carmody.

## Stamp News

ONE of the by-products of stamp collecting is a miscellaneous knowledge of outstanding historical events and personages because of the many commemorative issues.

Sweden has issued a stamp which throws light on a little remembered but truly great chemist, Carl Wilhelm Scheele, who discovered five elements—oxygen, chlorine, nitrogen, barium and manganese. The stamp, only illustrations of which are available as yet, bears a portrait of Scheele, the design including three crowns at the right of the stamp and the denomination at the left. Occasion is the 200th anniversary of the chemist's birth.

There are two values, a 5-ore green and a 60-ore claret. Date of issue was Dec. 9.

ANOTHER new stamp comes from Haiti, in a series of 17 values with similar design, honoring Our Lady of Perpetual Aid. Design shows the Madonna, a map of Haiti and the Haitian coat of arms. The stamps are large verticals. There are ten for regular postage, five for airmail, and two semi-postals.

SOUTH AFRICA has issued at least two more in its series of miniature war-size stamps, each roughly one-half inch by one inch. The first of these stamps to turn up in the United States were discussed here recently, attention being called to the rouletted process of separation used in addition to the original perforations. The two recent arrivals

also are rouletted, with the difference that there are three stamps instead of two between each two perforations.

A half-pence green vertical shows two marching soldiers, and the stamps are inscribed alternately in English and Afrikaans, as in the original set. The design is of two soldiers. A four-pence oblong, also green, contains both English and Afrikaans inscription, being simply "Postage—Postage" and "South Afrika—Suid Afrika." The design is of a coastal defense gun.

NEW YORK dealers have received advices that eight new values have been issued for Ethiopia. Three denominations have the word "centime" in small print and in large print. . . . Chile is reissuing its handsome annual series of 1941-42 in stamps which are not watermarked. Shades are slightly different also. There are 15 values in the series but thus far only four have turned up without a watermark, included is the 5-peso carmine illustrated here. . . . New pictorials for Curacao are to be issued beginning in February. Denominations will be 1-c, 1½-c, 2-c, 2½-c, 5-c and 6-c. There will be different views of these West Indies islands and a portrait of Queen Wilhelmina.

THE Philatelic Agency in Washington reports that the one-cent Whitney stamp and three-cent McCormick stamp have been removed from the sales list.

Interesting Items Taken From The Warren Evening Times

IN 1933

The City Drug Store which has been conducted on Liberty street for some time has been sold to Clarence Reynolds, of the Mullen Drug Store for the sum of \$1800.

Gilbert Peterson has a crew engaged in harvesting the 11 inch ice crop off Deerlick. The ice houses are being filled in anticipation of some hot days next summer.

H. J. Onions spent some time this week in Pittsburgh attending the meeting of the State Fairs Association. Mr. Onions represented the Warren County Exposition.

Four members of the Sheffield basketball team are confined to their homes with colds as it is lucky there are no games scheduled.

Mr. and Mrs. J. W. Kitchen left this morning for a two month sojourn in St. Petersburg, Fla.

IN 1933

"Charley" the pet woodchuck of Mrs. Marshall Mathis has evinced but little interest in the spring season and unlike the denizens of the woodlands who are supposed to predict the weather he gave no sign of life on Ground Hog Day and has taken on "I don't give a darn" attitude.

E. F. Anudson and Son have completed the Tiona school and it has been accepted by the directors. The school is a neat one and a credit to the community in which it stands.

Dr. Harvey Olds, of Pittsfield who had his medical case stolen from his car at Corry has recovered the case. It had been tossed into a ditch by the thief who discovered he could not use the contents.

Nearly every organization in the city will be represented at the meeting to be held at the YMCA next Tuesday. The speaker will be John A. Lapp of the National Rehabilitation Association.

State President of the BPOA Frank Lyons will attend a reception at Sharon which is being arranged in honor of the Grand Exalted Ruler. A number from Warren will make the trip.

The jeep was built from a one-eighth inch size sketch which called for a gross weight not exceeding 14500 pounds and the capacity to carry a 625-pound load. It, however, weighs 2154 pounds.

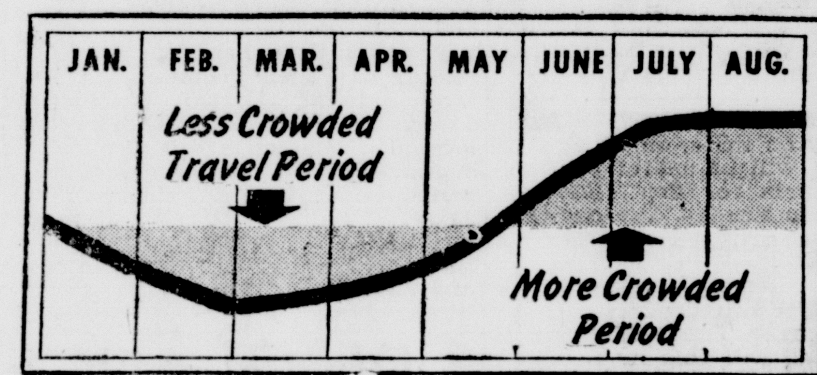

The jeep designers, looking into the future, see it being used as a prime farm tool, taking the place of the automobile, the truck, the tractor and the horse.

You can aid wartime bus service by making necessary trips in February or March—instead of Mid-Summer

Through the years bus travel has always been very heavy in some months, less heavy in others—and this has held true even in wartime. That's why Greyhound has long urged everyone to travel during

less crowded periods — and February and March are just such times. Necessary trips taken, when possible, in mid-winter will greatly relieve overcrowding in the mid-summer months ahead.

You can aid wartime transportation still further by choosing the right day—in mid-week—and the right schedule—the least crowded one. It's wise to take along as little baggage as possible—and get information on any trip well in advance.

YOUNGSMVILLE NEWS

Youngsville, Feb. 8 — The Youngsville Schools have a number of interesting programs scheduled to which the public is invited. The first of these is the play, "The Family Upstairs" to be given Friday night of this week by the dramatic Club and Student Council as a benefit for the Athletic Association. The play will be held in the auditorium.

Friday evening February 19 the Youngsville hand in their new uniforms just received will give a d winter concert. Thursday and Friday evenings March 11 and 12 the Youngsville Music Department will present the opera "Treasure Island". The cast of characters has been chosen and the practice begun.

The Music Boosters are planning a box social this month.

The date for the orchestra spring concert has been set for March 26th.

NEWS ABOUT TOWN

Youngsville Boy Scouts are to celebrate the birthday of the founding of the Boy Scouts of America this week with a party to which parents of the Scouts will be invited. Each patrol of the local Scouts will provide a part of the program.

Merrill Haight left last week for Pittsburgh from whence he will go to Miami Fla., where he will receive his army training as a cadet. He was honored by a family dinner at the home of his grandparents, Mr. and Mrs. Merle Freeborough before leaving.

Lt. and Mrs. Willard Munson left Thursday for Texas where Lt. Munson will be for the present located.

The Methodist Brotherhood will meet Thursday evening in the church. Elton Barton will be the program leader and an interesting evening is being planned. There will be refreshments.

Rev. and Mrs. Jack enjoyed a visit last week from Rev. Jack's brother from Michigan.

Heavy snowfall on Sunday kept the snow plow busy to keep the walks open in the borough.

YOUNG PEOPLE'S BANQUET

The young people of the United Brethren church to the number of forty-five enjoyed a splendid banquet Friday evening in the United Brethren church dining room. The tables were attractively arranged and the entire program of the evening was conducted around the tables with James Thompson as master of ceremony.

The musical program included a group of songs and choruses, a vocal duet by Miss Treva McKinney and Miss Helen Meinen; an instrumental trio of Sweetland, Jean Warner and Lucile Young with Lois Evalyn Walter accompanist. A vocal number was given by Rev. Glen Donnellson, Rev. Eugene Donnellson and Rev. Charles McIntyre.

The address of the evening was given by Rev. Glen Donnellson of Clarence, N. Y. Director of Young Peoples work in Erie Conference of the United Brethren church.

Thompson's Borsoma Tablets

ten bring quick relief to suffer from headaches, dizzy spells, dizziness, aches and pains. If your kidneys are not carrying off your bodily wastes and excess acid, they should you feel ill and not tell why. Thompson's Borsoma Tablets aid the kidneys in filtering out these poisons. They are effective and harmless, but bring relief with amazing comfort at all drug stores. If constipated take Golden Lax Tablets to assist the good work of Thompson's Borsoma Tablets.

## Blomquists Beat Rock Cleaners In Thriller Last Night At YMCA

The Monday night league, formerly thought to be the inferior of the two leagues came to life last night on the "Y" court and had all the earmarks of turning out games as exciting as those on Saturday night, if not more.

The Rock Cleaners and the Blomquists fought through four periods of the fastest ball playing seen for some time and finally had the Bloms climbing into a last minute heat that netted them the battle 54 to 47.

Buck Samuelson and Johnny Pawk, playing teller ball with "Buck's" accurate shooting and Pawk's guarding the Rocks tossed in shots from all directions and at the first quarter whistle leading the mighty Blomquists 13 to 8. Fans who had come to see the Rocks try and take the Blomquists' count had finally begun to feel it could be done and with the Cleaners playing hard the next period, led by "Tink" Wolfe who opened up for a couple lay-ups, they again outscored the invincible Bloms and the half ended 28 to 19.

The third period was an up and down affair with the two outfits battling on even terms and the fans in an uproar. Johnny Pick, Bob Lunquist and Jim Urbanski, plus a few long shots Louis Check fashion, started the ball going finally and the Bloms at last hit that home stretch with all the fury of a whirlwind and when the smoke cleared the score stood 44 to 36 still in favor of the Rocks.

"Buck" Samuelson after hitting for 16 points and keeping the Cleaners in even terms and the fans in an uproar. Johnny Pick, Bob Lunquist and Jim Urbanski, plus a few long shots Louis Check fashion, started the ball going finally and the Bloms at last hit that home stretch with all the fury of a whirlwind and when the smoke cleared the score stood 44 to 36 still in favor of the Rocks.

## BOWLING FORM

Delivery

AP Feature

Upon delivering the ball, the uppermost thought in the mind of a good bowler is to "get the ball out on the alley." The bowler should place the ball on the alley well over the foul line, attempting

## FOURTH OF A SERIES

to roll the ball onto the alley, rather than pitching it through the air. Note the position of the right hand in this deliver. A ball thus delivered tends to take a natural hook to the left as it approaches the pins.

Tomorrow: The Hook.

## JUNIOR "Y" LOOP OFFERS FAST GAMES

The "Y" Junior Loop basketball teams turned in some exciting games over the weekend that are premieres to future struggles for supremacy of the league. The first game between the Dartmouth and Indiana cagers was a fast game but the Dartmouth's couldn't connect on their shots and went down to defeat 48 to 19. Eckstrom with 14 and Cherionis with 16 led the Indiana team to victory and some of the best floor work yet was seen as the two teams battled.

In the second game the LIU quint dropped off in the finish to lose a close 23 to 20 tilt to the Stanford five behind the shots of Keller and Chimenti with 8 points apiece. Krespan led the LIU to their close one and although not taking this tilt at least won a moral victory over the strong Stanford bunch.

The Indians are now the team to beat and next week the story will be wound up with the teams hitting out with a try to beat them.

He declared neighboring Ohio was permitted to import gasoline from Pennsylvania and "remain free of the drastic regulations which prevail" in his district.

Restrictions on pleasure driving were lifted last week for West Virginians, and their gas coupon value was increased from three to four gallons a week.

He contended the area, which produces gasoline far above its needs, was more strictly rationed than neighboring states and added that, while Secretary Ickes recognized there was no justice in this course, the price administration refused to make a correction.

## End of Pleasure Driving Ban In Area Predicted By Senator

Washington, Feb. 9.—(P)—The ban on pleasure driving in western Pennsylvania will be lifted "soon" and four-gallon-a-week gasoline rationing restored, in the opinion of Senator James J. Davis.

"On the basis of work I have already done and people with whom I have talked, I feel justified in making the prediction the western section of our state will be treated soon the same as West Virginia, Ohio and the rest of the midwest," Davis declared yesterday, after making a speech on the subject in the senate.

In his speech the senator complained that the district is suffering from a "short-sighted" gasoline rationing policy which left it with more gasoline in storage than it is permitted to use.

He contended the area, which produces gasoline far above its needs, was more strictly rationed than neighboring states and added that, while Secretary Ickes recognized there was no justice in this course, the price administration refused to make a correction.

## Supply Lines Are Blasted in North Africa

Tunisia from Libya was getting under way were seen in reports that General Montgomery's artillery was in action against the Axis rear guard along the border.

Again American warplanes proved their fighting power.

Big B-24 Liberators, which blanketed the Messina waterfront with bomb bursts and scored hits on the port power plant and oil storage tanks, beat off stiff fighter attacks.

American P-39 Airacobras fighters made their first announced appearance on the North African front in sweeps with P-40 Warhawks.

Allied headquarters announced that 607 enemy planes were destroyed in the first three months of American operations in north-west Africa to a loss of 250 Allied aircraft. The United States air force destroyed 343 of these planes and the RAF 163. Anti-aircraft and night fighters downed the rest.

Of the losses, 163 were American and 87 RAF.

BY WILLIAM B. KING

With U. S. forces on the Northern Tunisian Front, Feb. 8.—(Delayed)—A strong German patrol which ventured toward positions held by United States infantry in this sector southwest of Tunis has been captured to a man.

Like a giant arm scooping up a poker pot, an American outfit swept into the no man's land of the Goubellat Plain and brought back one German officer, 17 men and all their weapons.

The only American casualty was one man, wounded.

The German patrol was discovered on Jan. 31 and an infantry outfit was ordered to go out and capture the patrol at the same time as a British group in a tracked carrier set out from the opposite side of the plain for the same purpose.

Simultaneously, the German-controlled Vichy radio indicated that the lid was about to blow off the North African battle cauldron, declaring that large-scale movements by British motorized forces were in progress along the Libyan-Tunisian frontier.

"Something big is brewing," the broadcast said.

For reasons of military secrecy, British headquarters withheld mention of any offensive, but noted significantly that Gen. Sir Bernard L. Montgomery's Eighth Army had now brought up its artillery and was now engaged in hammering at Nazi Field Marshal Erwin Rommel's defenses "in the northern sector."

Meanwhile, Allied bombers of the Middle East command delivered a heavy assault on the important Sicilian city of Messina, port of entry for supplies shipped to the Axis Mediterranean island from Italy.

In the western air war, Stockholm dispatches reported that the Danish capital at Copenhagen had been bombed three times during the night and explosions were heard on the nearby Swedish shore of the Skagerrak.

Coincidentally, in the wake of the RAF's destructive assault on the Nazi coast west of Orient, French-German authorities said the damage had been so severe that Lorient and eight surrounding districts would be evacuated by tomorrow.

Testifying before a senate appropriations subcommittee yesterday, Hoover expressed belief that time was on the side of the Allies and it was not necessary for them to "try to do everything all at once."

The house ways and means committee pressed its search for a suitable pay-as-you-go plan for income tax collections as they asked the administration to say definitely how much, if any, of the 1942 taxes it favored cancelling to achieve a current payment basis.

## WHAT'S THIS WAR ABOUT, DADDY?

Honey, in a place called China, children can never play as you can . . . because men in airplanes roar overhead and shoot them, and burn their homes.

In other places . . . in Norway and France, in Poland and Greece and Russia . . . children have their mothers and daddies taken away from them — — led off to a prison called a concentration camp. These children may never see their parents again.

Many of these children—boys and girls just like you—don't get enough to eat. Many of them have starved to death.

Why is all this happening? Because there are evil people in the world, men who call themselves the Axis, who do these things. And it's our job to make them stop—to see that they never trouble the world again. *That's* what this war is all about.

\* \* \* \* \*

To do our job we've got to knock out the Axis. And a lot of

us Daddies would like to do it with our own fists . . . or our own guns. We can't all do that. There's other work that Uncle Sam wants us to do.

So let's help knock out the Axis with that work. Let's take a dime out of each dollar we earn while working, and buy War Bonds and Stamps to turn our dollars into America's tough new tanks and planes.

So . . . tell your employer to set aside 10 percent of what you earn every payday in the War Bond Payroll Savings Plan. Then, each time it adds up to \$18.75, you'll get a bond.

Your Government will use that money to smash the Axis. Every dollar is a nail in Hitler's coffin. Every bond a bomb to blow the Jap off this earth. And your money is an investment against that time when peace returns and you will no longer have to answer that question.

"Daddy, what's this war about?"

### WHY U. S. WAR BONDS ARE THE SAFEST PLACE YOU CAN PUT YOUR MONEY!

1. They are obligations of the United States. If this isn't safe, nothing is!
2. For every \$3.00 you invest in War Bonds you get back \$4.00 at the end of ten years.
3. They do not fluctuate in dollar value—are never worth less than you pay for them.
4. You can name one individual either as coowner or as beneficiary *right on the face of the bond*.
5. Your savings in War Bonds cannot be lost or stolen. Each bond is registered at the Treasury Department.
